McClellan-Palomar Airport Security Responsibility Agreement

Airport Operation Area (AOA) Security Procedures

1. I will not allow anyone else to use my Airport Identification Media (AIM).
2. I will stop and wait for the access gate to fully close prior to proceeding.
3. I will follow and implement all challenge and escort procedures.
4. I will not allow anyone who is not under my escort to follow me or "piggy back" through any access gate.
5. I will immediately contact Palomar Airport Security at 760-908-8249 if an individual follows me through a gate and/or I witness any security violation.
6. I will closely monitor the activity of anyone I escort onto the AOA.
7. I agree to present my AIM upon request.
8. I will report the theft or loss of my AIM immediately to the Airport Badging Office at 760-966-3221 during normal business hours and the Security Operations Center (SOC) at 760-908-8249 after normal business hours.
9. I will report and return any found AIM to the Airport Badging Office.
10. I agree that my AIM is the property of McClellan-Palomar Airport and that it shall be returned upon termination, transfer, resignation, or expiration and that an AIM Termination Form will be completed within 24 hours or the next business day.
11. I will only use my AIM to gain access to the AOA for legitimate purposes.
12. I will abide by stated Rules and Regulations as otherwise indicated in the current version of the FAA- Approved McClellan-Palomar Airport Certification Manual.

I acknowledge the security responsibilities under 49 CFR 1540.105(a). _____
(Initials)

I have read the above security procedures and I understand that failure to comply with any of them can result in suspension/revocation of my AIM. _____
(Initials)

Vehicle Operating Rules Each permitted driver operating on the airport shall:

1. Observe a safe speed limit not to exceed 20 mph.
2. Observe all applicable rules and practices as disseminated by Airport Management.
3. Heed all signage, markings, lights, barricades and flagmen.
4. Yield to all aircraft and any activity responding emergency vehicles.
5. Be radio equipped for ATC communications if entering movement area; or be escorted.
6. **No** Privately Owned Vehicles (POV) on movement areas.

Each Fueler/construction worker operating a vehicle or equipment on the airport shall:

1. Mark/flag/light, stage, and operate fuel trucks/construction vehicles and heavy equipment in conformance with all applicable FAA advisories.
2. Mark, barricade, and light any temporary closed portions, or hazards (such as open manholes, excavations, stockpiled material, etc.).
3. Restrict normal vehicle/equipment activity to preserve airport operations safety.

I have read the above Vehicle Operating Rules and I understand that failure to comply can result in verbal or written warning and, possibly, suspension or withdrawal of airport driving/entry privileges. _____
(Initials)

The information I have provided on this application is true, complete, and correct to the best of my knowledge. _____
