

PACIFIC COAST FLYERS
NORTH COUNTY SAN DIEGO
CARLSBAD - OCEANSIDE

KCRQ 6 - 24 KOKB

Pacific Coast Flyers was founded in 1999 at McClellan-Palomar Airport.

PCF has evolved along with the airport, adapting to the changes in General Aviation and GA pilot needs. Over the years PCF has established a balanced fleet to meet the needs of a wide variety of GA pilots, and has achieved a reputation of the highest standards in our fleet of expertly maintained and available aircraft.

PCF aircraft are very well maintained both mechanically and cosmetically. This results in the cleanest and most reliable and reliable fleet possible.

PACIFIC COAST FLYERS

Our Mission

At Pacific Coast Flyers it is our mission to provide our members with the highest quality flying experience possible, in a safe and open environment. We provide a modern and diverse fleet of well equipped and maintained aircraft at reasonable rates. We organize safe, fun, and educational flying activities for our members and sponsor accredited safety training. These steps promote a sense of community among our members, and with the local communities we encounter. It is our goal to help produce a safety conscious environment and responsible aviation practices through open discussion, ongoing training and community outreach.
